ASTER MEDCITY : REDEFINING THE FUTURE OF HEALTHCARE

When it comes to healthcare expertise, Aster Medcity has earned its name by providing the best possible care to patients, through a combination of clinical expertise and advanced technology. Located in Kochi, it is undoubtedly one of the best multi-super specialty hospitals in the country treating over 6 lakhs people every year. Accredited by JCI and NABH, the hospital provides quality healthcare in Neurosciences, Cardiac Sciences, Gastro Sciences, Oncology, Nephrology & Urology, Orthopaedics & Rheumatology, Women's Health, Paediatrics & Neonatology, and multi organ transplantation.

Use of Advanced Technology

From one of India's first Flat Panel Bi-Plane Vascular Hybrid Cath Lab to one of South Asia's First OR 1 Karl Storz Fusion Integrated Operation Theaters to among South India's First ICCA (IntelliSpace Critical Care and Anesthesia) ICUs to one of Kerala's first da Vinci Robot and True Beam Linear Accelerator to one of South Asia's First NeuroNav MER system for DBS Therapy, Aster Medcity always strives hard to stay ahead of the times and to be among the first in the world to bring new, evidence based, approved therapies and technology to our patients. They are also one among the very few to offer Cryoablation therapy for heart rhythm disorders. Aster Medcity Joined their gamut of technology recently is the high-precision fully automated Joint Replacement Robot.

Clinical Expertise

Aster Medcity's Centers of Excellence bring together experienced doctors, advanced technology, and exceptional patient care. It is one of the leading hospitals in South India offering comprehen-

sive treatment for prostate-related conditions, including Rezum water vapor therapy, HoLEP, MiLEP, and more. Additionally, Aster Medcity has recently introduced CAR T-cell therapy, further strengthening its advanced clinical programs.

Minimal Access Robotic Surgery (MARS)

One of the pioneers in Robotic Surgery in Kerala, Aster MARS is amongst the few centers in India to offer da Vinci Robot assisted high precision surgeries in the field of Urology, Cardiac Surgery, Gynaecology, Hepato-pancreatobiliary (HPB) surgery, Gastrointestinal surgery, and Onco surgery. The centre has performed more than 5000 robotic surgeries till date. It is among the few centers in the world to perform Robotic Transvaginal Kidney Transplant Surgery and has performed numerous robotic kidney transplants. The centre also houses a high precision, fully automated Joint Replacement Robot that complements the expertise of joint replacements. Recently, the Robotic CABG procedure was also successfully launched by Aster Institute of Cardiac Sciences.

Deep Brain Stimulation (DBS) Therapy

Aster Medcity became one of the first centres in South Asia to introduce the NeuroNav MER system for Deep Brain Stimulation (DBS) therapy in the management of Parkinson's. The centre is the most active one in Kerala for DBS therapy. If performed at the right time by experienced hands, DBS improves the quality of life significantly and reduces the motor symptoms of movement disorders. Within the span of three years, Aster Medcity has successfully completed more than 300 DBS surgeries. The centre had launched Smart Adaptive DBS (aDBS) for Parkinson's disease.

Kidney & Liver Transplantation

Aster Medcity has been transforming many lives of people who suffer from end-stage kidney and liver failure. Having performed more than 1100 Kidney and Liver Transplants across all age groups to date, it has earned its name in organ transplant in children weighing less than 10 kgs. Funding support is also arranged for the deserving children.

Cryoablation For Arrhythmias

Aster Medcity is one of the first centers in the country to introduce Cryoablation therapy to restore a normal heartbeat after interrupting abnormal electrical pathways that leads to stroke and other heart failures. Aster Medcity believes that the combination of technology and human expertise leads to the best possible outcomes for patients. The clinical team in the hospital are one of the forerunners of their fields and are constantly seeking out new and innovative ways to improve patient outcomes. By bridging the gap between patients and quality healthcare, Aster Medcity is on a mission to build a healthier community.

With a commitment to pioneering technology and unwavering clinical excellence, Aster Medcity ensures that every patient receives exceptional care. With their brand promise: "Aster Medcity, We'll Treat You Well."

Caring Beyond Treatment, Healing with Compassion

A TRUSTED NAME IN COMPREHENSIVE CARE

In today's fast-paced world, access to quality medical care is not just a need but a fundamental right. Nestled in the heart of Madinaguda, Miyapur, one of Hyderabad's fastest-growing suburbs—Pranaam Hospitals has emerged as a shining example of how compassionate and quality healthcare can go hand in hand. What began as a modest 20-bed facility has transformed over the past two decades into a 250-bed multispecialty tertiary care hospital, driven by a deep commitment to community well-being and medical innovation.

For more than 24 years, Pranaam Hospitals has earned the trust of thousands of families through its unwavering dedication to patient-centric care. Its multidisciplinary approach allows for seamless coordination across departments, ensuring that patients receive personalised attention at every stage of their healing journey. The hospital provides advanced services in gynaecology & obstetrics, paediatrics & neonatology, neurology, neurosurgery, pulmonology, orthopaedics, cardiology, oncology, and critical care, among several other specialties.

Pranaam's philosophy of care is guided by the principle that healing begins with empathy. This is reflected in its thoughtful infrastructure that prioritises accessibility and comfort—spacious consultation rooms, well-equipped inpatient wards, dedicated ICUs, and a calm, welcoming environment. The hospital is built to serve patients from diverse backgrounds with dignity and ease. What sets it apart is its strong emphasis on continuity of care, which is evident in its robust home care services. This ensures that patients who require post-discharge medical attention can recover safely in the comfort of their homes, supported by trained healthcare professionals. This continuity of care is especially beneficial for elderly patients and those recovering from surgery or long-term illness.

EMERGENCY AND DIAGNOSTIC EXPERTISE

When emergencies strike, time and precision are critical. Pranaam Hospitals is fully equipped to handle all kinds of medical emergencies, offering 24/7 Emergency and Radiology services. The advanced facility houses a 64-slice CT scanner, high-resolution ultrasound systems, colour Doppler, and digital X-ray units to support immediate and accurate diagnostics.

Dr Manish Gour

Dr Praggya Srivastava

quality controls and modern equipment, the lab ensures that patients receive prompt and reliable results, aiding timely medical intervention.

Annually, Pranaam Hospitals manages over 100,000 outpatient visits, performs more than 3,000 surgeries, and admits over 9,000 inpatients. These numbers reflect the scale of trust and confidence the community places in the hospital's healthcare professionals—comprising experienced doctors, dedicated nurses, and skilled support staff.

EXPANDING FOOTPRINT, EVOLVING VISION

Driven by its mission to bring quality healthcare closer to more communities, Pranaam Hospitals has expanded its presence beyond Madinaguda. Fully operational units in Nallagandla, Isnapur, and Zahirabad are now delivering quality medical care to thousands more. Each facility is equipped with essential diagnostic and clinical services, adhering to the same values of compassion,

safety, and quality.

But the journey doesn't stop there. With future-ready plans in place, Pranaam is preparing to establish new centres across India and internationally. This strategic expansion underlines its commitment to bridging healthcare gaps and reaching underserved regions with advanced, compassionate care while upholding the ambition to lead with purpose and progress.

RECOGNISED FOR QUALITY AND PATIENT SAFETY

Pranaam's commitment to quality has earned it industry recognition. The hospital is NABH accredited in 2015 -a milestone that reflects its adherence to international standards in healthcare delivery. Over the years, Pranaam Hospitals has also been consistently rated among the top-performing hospitals in critical care across independent healthcare surveys.

HEALTHCARE WITH A HUMAN TOUCH

Ultimately, what sets Pranaam Hospitals apart is not just the technology or the scale—it's the compassion that drives every action. From preventive health awareness to complex surgeries, from neonatal care to palliative support, Pranaam Hospitals ensures that every patient is treated with empathy and dignity. It is committed to making a meaningful difference in every life it touches.
